Dear Editor,

On behalf of my co-authors, I am pleased to provide the attached manuscript “Use of high-throughput in vitro toxicity screening data in cancer hazard evaluations by IARC Monograph Working Groups” by Weihsueh A. Chiu, Kathryn Z. Guyton, Matthew T. Martin, David M. Reif, and Ivan Rusyn, for submission to ALTEX. Attached files include:

- PDF version of manuscript with figures and supplemental materials for review
- PDF version of cover letter
- Word version of manuscript without figures and supplemental materials
- Zip file with JPEG versions of all Figures
- Separate Excel file for Supplemental materials

I confirm that all authors concur with the submission, and that the manuscript is not under consideration elsewhere. There are no copyright issues with the paper or parts of it. The following expert reviewers, who are not former co-authors, are suggested:

Martyn Smith, PhD, Professor
University of California, Berkeley
School of Public Health
martynts@berkeley.edu

Lauren Zeise, PhD
Acting Director
Office of Environmental Health Hazard Assessment

California Environmental Protection Agency
lzeise@oehha.ca.gov

Stanley Barone, Jr., PhD
Acting Director
Office of Science Coordination and Policy
U.S. Environmental Protection Agency
barone.stan@epa.gov

Gary Ginsberg, PhD
Senior Toxicologist
Connecticut Department of Public Health (DPH)
Gary.Ginsberg@ct.gov

Kristi Pullen Fedinick
Staff Scientist, Health Program
Natural Resources Defense Council
kpullen@nrdc.org

Christopher Portier, PhD
Independent Consultant

Ex. 6 - Personal Privacy

Finally, please use my address, below, as the billing address for publication costs.

Regards,

Weihsueh
